Live Creator Leaderboard Initiative

A strategic gamification engine designed to boost creator revenue and agency engagement through real-time competition.

The Engagement Gap

- **Invisible Performance:** Creators currently stream in silos, unaware of how they compare to peers in real-time.
- **Lack of Incentive:** Without visible competition, the drive to push for that "extra gift" diminishes.
- **Missed Revenue:** Every moment a creator isn't motivated to rank up is potential revenue left on the table.

The Live Leaderboard

We are proposing a custom-built, mobile-responsive web app that tracks and displays creator earnings in real-time.

- **Live Ranking:** Creators see their position rise as they earn Diamonds.
- **Trend Indicators:** Green arrows for rising stars, driving immediate action.
- **Accessible Anywhere:** No app download required. Works instantly on any mobile browser.
